

STEINBERG

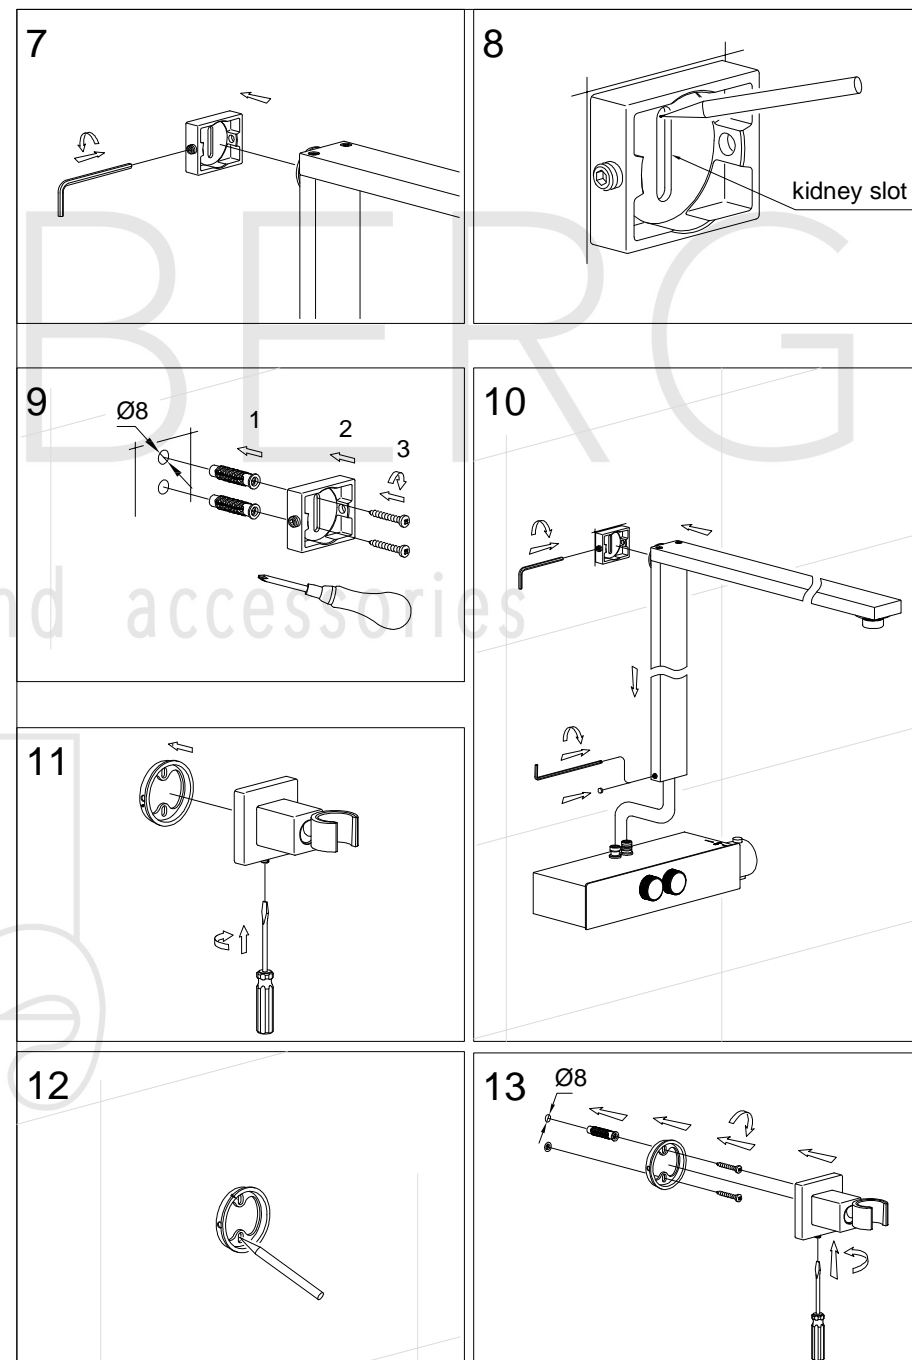

Brausetset

Art.Nr.390 2750

Installation

Installation

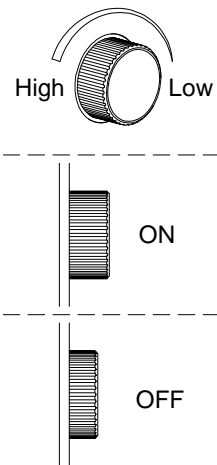

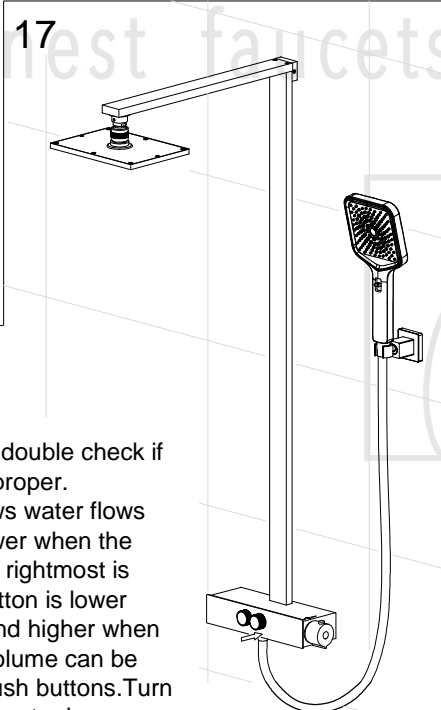

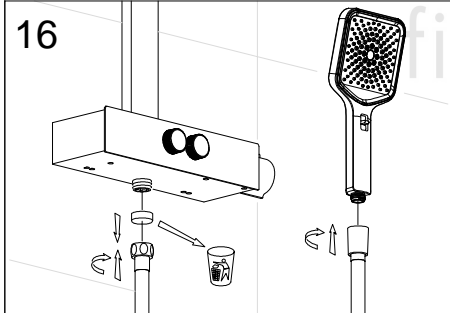

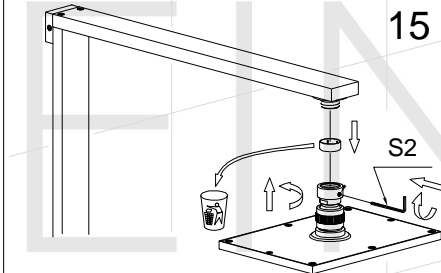

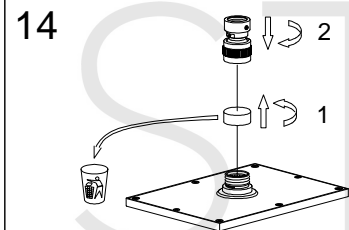

STEINBERG

Brause-set

Art.Nr.390 2750

Installation

When completed, double check if the installation is proper.
The diagram shows water flows from the rain shower when the pushbutton on the rightmost is turned on. The button is lower when turned on and higher when turned off. Flow volume can be adjusted by the push buttons. Turn the button clockwise to decrease the volume, and turn it counterclockwise to increase the volume.
